PRINCIPAL’S PROFILE:
An Exciting New School Day For Campsie

Campsie Public School is changing its school day to improve learning outcomes for our students and improve curriculum delivery. The most notable change for families is that students from Year 3 to Year 6 will have the option of starting school at 8.45am.

We are trialling this slightly earlier start and it is the parent’s choice as to whether their child will take up the optional earlier start. All children from Years 3 to 6 who are on the school premises by 8.45am however will need to start school at 8.45am. Music will start playing at 8.40am and will stop at 8.45am. While the music is playing students will walk to their class and line up ready to begin at 8.45am.

Students from Kindergarten to Year 2 will still assemble under the COLA. For these students music will start playing at 8.50am and stop at 8.55am. Our morning assembly will start promptly at 8.55am and all K–2 students are expected to be in their class lines by that time.

There are some changes to break times to accompany these new starting times. The new structure of our daily program will allow longer uninterrupted learning periods at the beginning of each school day. The way the school delivers its Language, Music, ICT and PEPDH programs will also be improved.

If parents would like to discuss these changes please call me at the school or email me on Phil.Irvine@det.nsw.edu.au

Online Ordering for our School Canteen

Our school will have online ordering available for our school canteen from the beginning of next term. This should be very convenient and helpful for our families. To be able to order online parents need to register. Registration is free and should only take a few minutes.

Today each family has been sent home a pamphlet that explains how to register your family for this service. I hope all interested families will register before the beginning of next term so that they can access this highly regarded service.
